For a Blessed Christmas
And a Peaceful New Year

A gift has been made in your honor to ***Challenging Heights****. This gift will help to rescue and rehabilitate children who have been enslaved in the fishing industry on Lake Volta in Ghana.*

Thank You!

Challenging Heights *rescues children, some as young as six years old, who have been enslaved in the fishing industry on Lake Volta in Ghana, where they are deprived of education, food, and healthcare. After being rescued, the children are rehabilitated and then reintegrated within the communities. Families are supported for two years to ensure the children are cared for, continue their education, and are not re-sold into slavery.*

As of September 30, 116 children had been rescued in 2021. The photograph shows a welcome ceremony at the Recovery Center.
